

Special "EARLY BIRD" Offer

If everyone waited until planting time to place their order for bulbs it would be impossible to estimate the amount of bulbs we needed of each of the many varieties we list. Therefore we offer to those who are willing to cooperate a **SPECIAL DISCOUNT OF 10%** of the total amount of the order, if payment in full accompanies the order.

**This
"EARLY BIRD"
Discount of
10%
Expires June 10**

C.O.D. SHIPMENTS: We will book your order on receipt of 25% of the amount of the order. We will ship C.O.D. at planting time for the balance, but will ship the order prepaid if remittance in full is received before shipping date.

For Beauty and Charm

Our 1955 catalog has been brought up to date on the latest and finest bulb varieties available from both domestic and imported stock. It is impossible to list all the varieties we grow and if you need one or more varieties not listed, please write us, we may have it.

COMPLETE INSTRUCTIONS ARE SENT WITH EACH ORDER. Kindly follow instructions as given for best results.

FOR OUR CUSTOMERS IN THE DEEP SOUTH:

Ask for our special southern planting instructions to be included with your order for locations in Florida, and places bordering the Gulf of Mexico and southern California. All other sections use regular instructions. These new southern instructions will help you to have success with our bulbs, where otherwise you have had failure.

TERMS OF SALE: All stock will be shipped to you at the correct planting time for your climate. Send payment by postal, express or bank money order, or registered mail. Unregistered currency is sent at your own risk. No charge accounts will be accepted unless credit has been established.

All orders over \$5.00 will be prepaid in full if accompanied by remittance. For orders under \$5.00 please enclose 25c for packing and postage charges.

TULIP TIME in HOLLAND MAY 11-14

The blooming period of our Tulips is the month of May. Visitors always welcome. Write us a card and we shall be glad to advise you when most varieties are in bloom.

Dear Customer:

We take great pleasure in presenting our 1955 planting Guide, listing our latest selections of spring-flowering bulbs. Shipment of all items listed in this catalog is made either during the summer or fall months.

Many of the varieties have been reduced in price, notwithstanding the fact that the cost of supplying you with the best possible merchandise is constantly increasing. The selection of varieties listed has again been checked, and replaced with better kinds wherever such was possible. A sharp reduction of price has been made on all Tulips listed on pages 16 and 17.

We also wish to thank all of you for your patronage which has made it possible for us to stay in this interesting business, and we hope we may continue to please you with our ever-improving varieties of plants and bulbs.

Very truly yours,

New Early Blooming *Flaming Youth*

This variety grows to a height of 10 to 12 inches. Very vivid orange-scarlet, with large, shiny foliage. One of the first varieties to bloom. We are offering Flaming Youth instead of Red Emperor, because it is much hardier, can take any of the late frosts, and its blooming period is much longer. You will like it.

GUARANTEE

Except where clearly stated otherwise in this catalog, we unconditionally guarantee every bulb we ship out to be strictly top size, and to be absolutely true to name. All bulbs shipped by us will grow and bloom under ordinary conditions. We have, however, no control over unfavorable weather or soil conditions, improper planting, neglect, moles or mice, and therefore cannot assume responsibility after they reach you. Stock not reaching you in first class condition should be reported within 10 days after receipt, and will be replaced free of charge if so received. After ten days it is mutually agreed that stock is satisfactory. Do not return bulbs or plants unless so instructed by us.

Latest Novelty and Prize

Poggenbeek

We cannot picture each one of these 15 beauties. Please read the descriptions given on this and the following page.

Each year our Tulip display fields show the latest and newest winners, and we select the top favorites for our catalog listing. These two pages make the very best varieties available to you, and many of these will probably not be handled by the average seedsman or grower for another decade.

Nelis Giant May-

The constant interbreeding of Darwin, Cottage and Breeder Tulips has made the classification of each variety so confusing that we are listing them all in one category, called May-flowering. Since the modern Giant May-flowering Tulips contain the blood of all the three preceding crosses in unknown proportions, it seems scientifically meaningless to use the old classifications.

The term May-flowering is based on our Michigan climate, in southern locations the blooming time will be earlier. In our 1955 listing we eliminated varieties which we consider to be surpassed by later introductions.

BOTANICAL TULIPS

For Permanent Planting

Once planted they need no further care. These wild Tulips come in lovely odd shapes, many with reflexed petals and curiously twisted and reflexed foliage. They belong in the rock garden where they thrive and increase if left in the ground from year to year. Plant them in groups of 6 or 12 bulbs among the rocks in fairly well-drained pockets. We have eliminated all varieties of inferior and poor blooming qualities and list only those which have given satisfaction under American growing conditions.

	Per 3	Doz.	100

New Graceful *Lily-Flowering Tulips*

We have been able to add many new and outstanding varieties to our list of Lily-flowering Tulips, which in our opinion are the most graceful of all Tulip species. Many of these novelties are not yet offered in any retail catalog. The supply is still short, but for beauty we recommend them highly, and know you will like them, too. These Tulips greatly resemble colored Lilies, and have a most beautiful and unusual effect, both in the garden and for cut-flower arrangements.

Per 3 Doz. 100

BEERSHEBA. (Trumpet.) Perianth and trumpet of magnificent proportions. Sturdy foliage and stem. Height 20 to 22 inches. The color is pure white. Those who are forming collections of the finest Narcissus rate Beersheba at the top of the large white trumpets. Received an Award of Merit and a First Class Certificate. ME.\$1.10 \$3.40 \$25.50

BLUSH QUEEN. (Short-cupped.) Resembles a Poeticus, but the perianth, instead of being pure white, is apricot-pink. The cup is apricot-pink, bordered with scarlet. Fragrant. M.60 2.00 14.00

BRIDESMAID. (Long-cupped.) Pure white, large perianth with a very large, fully ruffled cup, disc-like and delicately shaded cream, edged soft apricot. A flower of appealing beauty. M. 1.10 3.40 24.50

CANALICULATUS. (Species.) A dainty little Narcissus, 6 inches in height, suitable for sunny positions in the rock garden. It has narrow, erect bluish green foliage, and bears heads of 3 to 4 flowers with white perianth and globular golden cup, sweetly scented. M.40 1.35 9.00

CARLTON. (Long-cupped.) A handsome variety of broad, overlapping perianth, with a large expanded cup frilled at the brim, the entire flower of a uniformly soft yellow. A magnificent plant of great vigor, very free blooming, early, and of long lasting qualities. Excellent for exhibition. This variety received an Award of Merit. E.50 1.65 11.00

CHEERFULNESS. (Double Poetaz.) A double form of the famous cluster-flowering Daffodil, creamy white in color. Frequently called the "Gardenia" Daffodil. Splendid for the garden; late blooming and very fragrant. Received an Award of Merit. A favorite. L.50 1.55 10.50

DAISY SCHAEFFER. (Long-cupped.) One of the best of the remarkable new long-cupped type. The flower is 4½ inches across with cup of nearly two inches. Resembles a giant Trumpet, but much more graceful in form. Pure white perianth with cup opening primrose, turning to light canary-yellow with a greenish overcast at the base. Long lemon-yellow stigma and styles add to the color harmony of this flower, which has captured an Award of Merit and several First Class Certificates. ML.75 2.50 18.00

DAFFODILS

DICK WELLBAND. (Short-cupped.) An exhibition variety of great excellence. This variety stands out even in the largest collection of Daffodils. The perianth is pure white and the cup a brilliant flame-orange. The startling contrast between the petals and the cup makes this a variety of great beauty. The color does not fade, but rather intensifies with age, and the flower has unusual lasting qualities. Highly recommended. M.\$0.65 \$2.15 \$15.00

DOUBLE JONQUIL. The true old-fashioned double, sweet Jonquil with little heads of double, rich yellow flowers, very fragrant and most attractive also for cutting. L.65 2.15 16.00

DOUBLE ORNATUS. Another new introduction of the new Poeticus type flowers. A real double, which does not become blind, but blooms very prolifically. Fragrant. ML.65 2.15 15.00

FIREGLOW. (Short-cupped.) Golden yellow perianth formed by broad overlapping petals with a short ruffled cup edged orange-red, changing to orange at the throat. Prolific bloomer. M.60 2.00 13.50

FRANZ LISZT. (Short-cupped.) One of the most graciously formed and finest proportioned varieties, with white perianth turning to yellow at the base, and a yellow trumpet with narrow orange edge. Prolific bloomer, sweet fragrance. ML.70 2.25 15.00

GENERAL MacARTHUR. (Trumpet.) In our judgment the largest and finest golden yellow Daffodil of enormous size and good form, which leaves nothing to be desired. Late flowering, blooms after all the other trumpets are through. One of the largest flowers in existence. L.95 3.00 21.00

GERANIUM. (Poetaz.) A most outstanding variety of the bunch-flowering types. Pure white perianth with small, clear orange cup, producing a minimum of four blossoms per stem. Heavy, Gardenia-like perfume. L.60 2.00 13.50

GOLDEN SCEPTER. (Short-cupped.) More gracefully proportioned than the giant trumpets, medium size, perfectly built flower of deep jonquil-yellow. Three or more inches in diameter star-shaped perianth, slightly lighter than the trumpet which is slightly rolled and flared at the edge. Long lasting. Received Award of Merit and First Class Certificate. M.45 1.50 10.50

IMPERATOR. (Trumpet.) This lovely, graceful Daffodil is considered one of the finest varieties and the best in this class. Perianth and cup creamy white. L. . . . \$0.90 \$3.00 \$21.00

INSULINDE. (Double.) Cream-yellow, interspersed with shorter petals of deep orange-red. This flower is not too double to be graceful, yet it is attractively full. Sweetly fragrant. M.65 2.15 15.00

JOHN DIX. (Short-cupped.) Pure white perianth with a small, dark orange crown about the size of a quarter, which is very finely frilled. Very late, similar to La Riente, which is an earlier variety. Sweet fragrance. L.60 2.00 13.50

KING ALFRED. (Yellow Trumpet.) Received a First Class Certificate. An old favorite and still very good. The finest early giant all golden Narcissus. E.65 2.15 15.00

LA RIANTE. (Short-cupped.) Greatly admired at the spring flower shows in the Netherlands. Its beautiful white perianth is offset with a brilliant orange-red disk. Worth trying. Medium height with a decidedly sweet fragrance. M.50 1.65 11.00

LUNA. (Jonquil.) A recent introduction which is, in our estimation, one of the very best of its type. Produces 2 to 3 large, very beautiful, lemon-yellow flowers on each stem. Very fragrant. ML.60 2.00 14.00

MARY COPELAND. (Double.) An excellent novelty of the new, semi-double type, and termed the most striking new double. The longer petals are pure creamy white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a 3-color effect. Received a First Class Certificate. Very sweetly fragrant. L.70 2.30 16.50

MARY HOLLIS. (Short-cupped.) Small perianth, beautifully formed, of cream overlaid with lemon-yellow, golden at the tips and center. All orange frilled cup of medium size. Mildly fragrant. ME. . . .60 2.00 14.00

MONTGOMERY. (Short-cupped.) Medium yellow perianth with a bold cup of clear orange-red extending the full length of the cup. Tall grower and fragrant. M.60 1.95 13.50

MOUNT HOOD. The largest of the present day pure white trumpet varieties. Pure ivory-white, overlapping perianth, with large creamy white trumpet, heavily flanged and imbricated at the mouth, changing to pure white when in full bloom. M.1.00 3.25 24.00

MOZART. (Short-cupped.) Latest novelty with nice, overlapping perianth of cream-yellow having a disk-like cup of uniformly deep scarlet and conspicuous stamens of deep yellow. An excellent new introduction. M.60 2.00 14.00

DAFFODILS (Continued)

MRS. R. O. BACKHOUSE. (Long-cupped.) This is the famous "PINK DAFFODIL." Fine, informal perianth of ivory-white, elegantly proportioned; slim, long trumpet of apricot-pink changing to shell-pink at the deeply fringed edge. Delicately beautiful but of exceptional substance. Long lasting. Belongs in every collection. L.\$0.80 \$2.65 \$19.00

OLA LEAVIT. (Short-cupped.) Pure white perianth, with yellow cup edged orange-red. Not particularly striking at first sight but increasing in beauty as it ages. Delicately fragrant. M.60 2.00 14.00

RED GUARD. (Poetaz.) Another winner of an Award of Merit. Perianth of deepest golden yellow overlaid with salmon and a cup of fiery red, making a beautiful and unusual color combination. Heavy spicy odor. ML.65 2.15 15.50

REINE BLANCHE. (Short-cupped.) Pure white perianth, which is large and well proportioned. Finely ruffled and flaring cup which opens canary-yellow and changes to cream with a peach overcast. Delicate spicy fragrance. ME.60 2.00 14.00

REMBRANDT. (Trumpet.) One of the best all yellow early trumpets. Extra large and of fine form. E.70 2.25 16.00

RICHARD WAGNER. (Short-cupped.) Pure white perianth of fine form, with flat, golden yellow cup having a narrow orange, frilled edge. The perfection of this variety is in its fine form, for which hybridizers have been aiming. L.65 2.15 15.00

ROBINHOOD. (Trumpet.) A large flower, which blooms medium early. Golden yellow perianth of good form and trumpet of orange-yellow, producing an interesting color contrast. ME.65 2.15 15.00

SATURNUS. (Short-cupped.) Large, pure white perianth and an unusually beautiful, deeply frilled, deep orange cup, producing a glorious and striking effect against the white background. Strong flower and unquestionably one of the finest. M.60 2.00 14.00

SELMA LAGERLOF. (Short-cupped.) Pure white perianth, symmetrical, with a large flat cup broadly edged orange, which changes to salmon with age. Prolific bloomer. ME.60 2.00 14.00

Dick Wellband

SEMPER AVANTI. A large, noble flower with creamy white perianth of overlapping petals. The enormous cup is deep orange throughout. M.\$0.75 \$2.25 \$16.00

SMILING QUEEN. (Short-cupped.) Magnificently proportioned and overlapping pure white perianth offset by a double, flaring, ruffled cup of orange, shading golden yellow to the throat. New and superbly beautiful--the only one of this kind we have ever seen. Spicy fragrance. ME.65 2.15 15.00

Thalia

Narcissus or Daffodils (Continued)

Per 3 Doz. 100

THALIA. (Triandrus.) In addition to a peculiar attraction, at first sight this flower leaves one with an impression of a whiteness that is not purely white. The recurving petals and the angle of three trumpets are unlike the conventional short-cupped Daffodils. The stem is dark green, round and reed-like thin. Called the "Orchid-Flower" Narcissus. L. \$0.75 \$2.50 \$18.00

TUNIS. (Long-cupped.) An outstanding variety of this type, having broad white perianth, with large, bold ivory cup, the brim of which is handsomely flanged and serrated, retaining a remarkable flush of pale coppery gold at the edge. An early bloomer, recommended. Mild, sweet fragrance. E.65 2.15 15.00

YELLOW CHEERFULNESS. (Double Poutaz.) All golden yellow double cluster flowering. Splendid for the garden or cut flowers. Very fragrant. Late blooming. L.65 2.15 15.00

Golden Castle

Golden Castle

(Double Trumpet)

We are proud to be able to offer to you at the new, lowest price ever, this delightfully fragrant, golden yellow double Trumpet, which is as double as a rosebud, and enhanced besides by many shorter, odd sized petals, some of them in the shape of tiny Chinese umbrellas. The illustration does not show the definite trumpet shape, though it clearly depicts the full, ruffled center of the trumpet. We have received many enthusiastic letters regarding this variety, but the best news is that we are able to reduce our price this year, so many of our friends may be able to enjoy Golden Castle.

DAFFODILS for Naturalizing

**Suitable for Garden Display,
Woodland Planting or Cutting**

Practically any soil has been found suitable, and they are grown equally well in the open as among trees and in woodland. Contains a mixture of large Trumpets, Short-Cupped, and Poeticus types, a mixture that cannot be equalled for value, and worth much more than we charge for them. Plant at least 8 inches deep, but avoid places where water may collect at any time, as they like drainage.

Try to plant before October 15th, or shortly thereafter, and place your order early, as the demand is increasing for these bulbs at this special low price. We cannot take orders for less than 50 bulbs. All blooming size bulbs.

Nelis SUPER QUALITY Daffodil Mixture

To those of you who are interested in immediate results in a much better than average mixture, we are pleased to offer our Nelis Super-Quality Daffodil Mixture of super-quality bulbs. One of the most outstanding hybridizers of Daffodils is constantly supplying us with his entire crop of new hybrids, to which we have added the best of Yellow Trumpet and other high quality, standard named varieties. The result is an unsurpassable mixture of the widest possible range of color and blooming. Ideal for naturalizing where quality is desired and names are immaterial. All large, mature bulbs, which will give a wealth of bloom at once, many producing as many as two or three flowers per bulb the first year after planting.

Gorgeous COLCHICUMS

SENSATIONAL WONDER BULB

The only bulbs that will bloom indoors without soil, without water, without care.

Place on the mantel, window ledge or table, and with no further attention on your part, it will reward you with its exquisitely lovely blooms. Use these bulbs for gifts. The usefulness of the bulb does not end after the blossoms fade, for they may be planted outdoors in the fall, and in the spring luxuriant green foliage appears. When the foliage has died down, dig up the bulbs and the blooming will be repeated indoors.

STERNBERGIA LUTEA

(Golden Yellow Autumn Flower)

We have been fortunate in obtaining a shipment from Turkey, where the Sternbergias are native, and we are now able to offer you these scarce flowers. The bulbs develop their foliage shortly before blooming, adding to the beauty of the richly textured yellow flowers which come into bloom around mid-September, and reach a height of 6 to 8 inches. They are perfectly hardy and may be used for potting indoors also. Plant in late summer.

Lycoris

Lycoris Squamigera

(Hardy Amaryllis Halli)

Produces attractive green foliage which grows from early spring until July, when it ripens and disappears. About a month later, as if by magic, the flower stalk springs from the ground to a height of 2 to 3 feet, developing an umbel of large Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. In planting, cover crown about 4 inches with soil. Each 75c; 3 for \$2.00; \$6.75 per doz.

LEUCOJUM VERNUM

(Giant Snowdrops)

An early and most attractive spring flower, bearing nodding flowers of white tipped with green. Grows around 10 to 12 inches high. They should be planted in early fall in good, well drained soil, 4 inches deep. Especially effective if planted in clumps, 4 to 5 inches apart. After they become well established they bloom more beautifully each year. \$1.85 per doz.; \$13.50 per 100.

CHIONODOXA

(Glory-of-the-Snow)

These lovely, earliest of spring flowers of deep blue with a white center, attain a height of 7 inches and produce spikes bearing 10 to 15 Scilla-like flowers. Perfectly hardy. Plant close together for best effect. 50c per doz.; \$3.50 per 100.

Iris
Shilka

IRIS SHILKA

(Vesper Iris)

The graceful filigree of the branches of these Vesper Iris is studded with from one to two hundred jewel-like flowers, truly a mammoth bouquet. The delicately colored blossoms, which at a distance resemble a multitude of gorgeous butterflies at rest with motionless outstretched wings, vary in color, including such hues as translucent lavender with markings of mahogany, lemon, copper and orange-brown. The Shilka Iris, which are exceedingly easy to grow, bloom for a month during July and August when flowers are scarce. Vesper Iris resist both severe cold and intense heat with impunity. Be the first in your locality to grow this unique Iris. \$1.95 per 5; \$3.50 per 10.

IRIS RETICULATA

(Bulbous)

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Dutch Iris, or Spanish Iris. Its main value lies in the fact that it can be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4 or 5 inch pot when received, will bloom about Christmas time. The fragrant blooms remind one of a bunch of fresh Violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. \$1.00 per doz.; \$7.25 per 100.

Iris

DUTCH IRIS

(Bulbous)

A new and early flowering race coming into bloom just after the Tulips are gone. The flowers are large, resembling Orchids, and are distinctive and brilliant in color. Flowers are of heavy texture and when cut have wonderful keeping qualities. Bulbs should be planted in the fall, 5 inches deep, in well drained soil, with a light protection after freezing weather sets in. Offered at new low prices.

ENGLISH IRIS

(Bulbous)

This magnificent mixture of bulbous Iris has been developed at our nurseries, and contains all the choicest varieties which can possibly be had in these fine Iris. They bloom in our latitude about the early part of July, and come after all other bulbous Iris. They should be planted as soon after receiving them as possible for best results. They prefer the more moist and heavier soils, and should have good drainage. The blooms of the English Iris are considered to be the finest of any in the Iris class, and each individual bloom is strikingly beautiful. As cut flowers they are unsurpassed. We are offering them in a fine mixture of colors. \$1.65 per doz.; \$12.00 per 100.
